Loo or false?

The average roof collects about 85,000 litres of rain a year!

Loo or false?

Trees are about 25% water.

Loo or false?

A bath uses the same amount of water as a shower.

Loo or false?

In this area the average person uses around 160 litres of water PER DAY!

Loo or false?

In just one hour a sprinkler can use the same amount of water as a family of four uses in a day.

Loo or false?

A single dripping tap could waste up to 29,000 litres of water per year.

Loo or False?

"So.... how much do YOU know about water conservation? Try my tricky trivia trial - and lift the lid on the truth about saving water in your home!"

Loo!
It's true - that's enough to fill an incredible 450 water butts with FREE water!

False!
Trees are actually about 75% water.

False!
A bath uses about TWICE the amount of water as a conventional (ie non power) shower.

Loo!
It's true. Just compare this with the 10 litres used per day by some people in other parts of the world.

Loo!
Unbelievable - but true... this is why you must have a water meter if you use a sprinkler.

Loo!
True... simply by replacing that tap washer you could save 1000's litres and (if your water is metered) £££s a year.
