

It can often be difficult to calculate how much you can afford to pay towards your water account. The following budget planner will help you to work out how your money is currently spent.

MONTHLY INCOME	£ per month	£ per month
your earnings after tax	<input type="text"/>	
your partner's earnings after tax	<input type="text"/>	
other (allowances, benefits etc)	<input type="text"/>	
total monthly income after tax		<input type="text"/>
MONTHLY EXPENDITURE		
mortgage/rent	<input type="text"/>	
life assurance/endorowment policy/pension	<input type="text"/>	
rates/council tax	<input type="text"/>	
water	<input type="text"/>	
sewerage	<input type="text"/>	
gas	<input type="text"/>	
electricity	<input type="text"/>	
telephone	<input type="text"/>	
home buildings/contents insurance	<input type="text"/>	
travel to work	<input type="text"/>	
petrol/car maintenance	<input type="text"/>	
car insurance/road tax	<input type="text"/>	
food and clothing	<input type="text"/>	
tv licence	<input type="text"/>	
loans/hp/credit cards	<input type="text"/>	
entertainment/subscriptions	<input type="text"/>	
other costs e.g. childcare/holidays/christmas	<input type="text"/>	
total monthly expenditure		<input type="text"/>
MONTHLY DISPOSABLE INCOME (income LESS expenditure)		<input type="text"/>
