CHIEF ACCOUNTANT

Salary circa £50k plus benefits

Based in Havant

We are looking for a technically strong, ambitious, self-motivated qualified accountant to take on the role of Chief Accountant. Managing a team of 7 (including a Finance Accountant and Management Accountant), the key responsibilities include the preparation of financial statements including leading our transition to new accounting standards, along with producing the annual statutory accounts, corporation tax returns and overseeing budgetary control.

The role, which reports direct to the Finance and Regulation Director, will also include embedding into the business a new finance system (we are currently implementing IFS finance).

This is a key senior management role within the Company helping us continue to deliver excellence for our customers. Candidates must be able to demonstrate a proven track record in general management along with experience of motivating people and driving forward change. As with any senior role the ability to communicate to all levels of the business along with the ability to build trusted relationships within your team, the business and at Director Level is a pre-requisite for any applicant.

Our values of Excellence, Integrity and Respect are important to us and underpins everything we do. The successful applicant will be expected to demonstrate these values and continually promote them throughout the business.
