

WATER QUALITY TECHNICIAN

Salary: £20K to £23K

Based at Havant

Working in a busy and modern UKAS accredited Water Quality Department, we are looking to recruit a Water Quality Technician to work in our team. The laboratory ensures the highest standards of drinking water quality whilst working at all times in lines with our values of Excellence, Respect and Integrity alongside a pro-active approach and a good track record in H&S will be a pre-requisite for any applicant.

The role will involve a variety of duties including:

- Analysis of water samples for both inorganic chemistry and microbiological methods
- Method validation
- Calibration and maintenance of equipment
- Auditing and training
- General laboratory work such as solution and bottle preparation
- Sampling of water supplies
- Sample receipt, registration and scheduling
- Handling of customer calls

The candidate must possess a minimum of 2 'A levels' in science related subjects and have experience working in an ISO17025/ DWTS laboratory.

An enthusiastic approach along with an eagerness to learn and a full driving licence are essential requirements for the successful applicant.

Please send a CV outlining your current salary with your application.

Apply to: Ian Limb, Head of HR, PO Box 8, Havant, Hants PO9 1LG
