

TRAINEE GIS TECHNICIAN

Based in Havant

£15,552 to £23,064 (depending on skills and experience)

Portsmouth Water are looking to recruit a Trainee GIS Technician to work within the Investment Department, based at Havant.

The primary purpose of this role will be:

- The capture / maintenance of our underground assets on our corporate GIS software (ESRI ArcMap) and dealing with various internal / external enquiries.
- Visiting sites to survey the location of recently laid water mains.

(Experience of editing using the ESRI Software would be an advantage along with surveying experience but training could be available for the right candidate).

- Updating other asset systems as required.

(Fluency in using computers including Microsoft Word and Excel is essential along with the ability to work efficiently, with good attention to detail and accuracy).

The role will gradually evolve to include more tasks such as:

- Surveying / auditing using GPS equipment.
- Reporting from GIS.
- Administration / housekeeping of the GIS.

The successful applicant must have a keen interest in GIS (ESRI ArcMap) with the mind set of possibly pursuing a career in it.

You will need to be able to demonstrate self-motivation, initiative, be organised with a reliable approach to work. You will also possess excellent communication, verbal, written and numerate skills, together with the ability to work at all times in line with our values of Excellence, Integrity and Respect. A proactive approach to Health and Safety is essential, along with a full UK driving licence.

There may be sponsorship available for the right candidate to undertake a recognised qualification in GIS.

For an informal discussion, please contact Diane Bourne, Drawing Office Supervisor on 023 9224 9243.

Applicants should send a CV outlining current salary with 2 referees.

Apply to: Ian Limb, Head of HR, PO Box 8, Havant, Hants PO9 1LG
