

Here's a few **water saving tips** to help you start saving today.

Place a save-a-flush bag in your toilet cistern or better still fit a new dual flush toilet.

Use a water butt to store rainwater for the garden. In hot weather, water before 8.00am or after 8.00pm, to reduce evaporation losses.

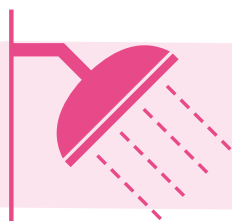

Turn off the tap when brushing your teeth.

Wash your car with a bucket and sponge.

Take a short shower rather than a bath.

Choose drought tolerant plants which need less watering – you'll save time too.

Only run washing machines or dishwashers with full loads.

Wash vegetables and salads in a bowl rather than under a running tap.

Fix dripping taps and lag pipes to prevent leaks.

Water plants around the roots and use a mulch to avoid the soil drying out.
