

## **GIS Technician**

**SALARY £20K TO £26K PLUS BENEFITS  
BASED IN HAVANT**

We are one of the leading water companies in England and Wales in terms of operating efficiency and service to its customers. To further improve the overall performance we are looking to recruit an experienced GIS Technician within the Drawing Office

The key responsibilities for the position will include:

- Undertake the maintenance of water supply assets on the corporate GIS database (Esri software)
- Updating other asset systems as required
- Experience of **editing** using the GIS software is **essential**, along with the ability to work efficiently, with good attention to detail and accuracy.
- Producing a variety of reports for Regulatory and various departments throughout the Business
- Processing/updating of Ordnance Survey data for GIS.
- Administration/Housekeeping of the GIS
- Development of the GIS capability within the company including the use of GPS for collection of data
- Initial regular visits to construction sites to survey the location of recently laid water mains, this will reduce to occasional visits in future.

The ideal candidate, working at all times in line with our values of excellence, respect and integrity, will be self-motivated, demonstrate initiative and have a positive pro-active approach to health and safety along with a full UK driving licence.

Applicants should send a CV with 2 referees outlining salary expectations.
