M&E Engineering Undergraduate Placement

SALARY UP TO £20.4K / BASED IN HAVANT

The Company are looking to appoint a mechanical and electrical student on a placement of approximately 12 months to assist the Capital and Investment Department.

The Capital and Investment Department is responsible for installing, maintaining and operating the Company's above ground assets. The role will include working with both mechanical and electrical plant, telemetry systems, computer networks, low voltage equipment and PLC's. A pro-active approach to health and safety is essential as well as the ability to carry out their duties at all times in line with our values of Excellence, Integrity and Respect. A full driving licence is required for this role. The successful applicant will be required to undertake a Driver Assessment Test if appropriate.

The position will suit those currently working towards a mechanical, electrical or electronics engineering degree and will give practical exposure to the demands of working within an engineering department.

For an informal discussion, please contact Mike Dannatt, Senior Project Manager on 023 9224 9230 or James Baker on 023 9224 9235.

Applicants should send a CV with 2 referees.
