

Project Manager – ME & ICA

**SALARY UP TO £36 - £40K (DEPENDING ON EXPERIENCE)
PLUS UP TO 10% PENSION CONTRIBUTION, CAR
ALLOWANCE + ADDITIONAL BENEFITS**

BASED IN HAVANT

Portsmouth Water is one of the leading water companies in England and Wales, consistently being ranked first in the industry for customer service over the past 3 years and at the same time delivering the lowest customer bills, showing our commitment to continually improvement in both technology and performance to meet the needs of our customers.

Engineers have to constantly address new challenges and problems, caused by global warming, ageing infrastructure, population growth and the desire to improve living standards. Portsmouth Water is no different, including maintaining and improving our treatment works assets to ensure continuous high standard water is supplied to our customers.

This job involves project managing the refurbishing and improving our ME & ICA assets on existing clean water treatment works, distribution network, as well as implementing new technologies, developing solutions / designs with key stakeholders and partners. The role involves managing both ME & ICA designers and framework partners in a collaborative manner to deliver efficient solutions, and improving operational efficiency of works, whilst ensuring we maintain our high levels of customer service and Health & Safety standards.

We are looking for ME & ICA Project Manager who has experience in delivering this type of work, who is committed to building and sustaining collaborative relationships through the right behaviours: promoting innovation, embracing change, encouraging honesty, fairness and pragmatism in an open and supportive relationship with our partners, operating at all times in a professional, considerate manner, and all with a positive attitude.

The new member of our team, working at all times within our values of excellence, respect and integrity, will be self-motivated, show initiative and a commitment to positive, proactive health and safety. They will also need a full UK driving licence as the role will require travel to various Portsmouth Water sites. In additional, you may be required to successfully complete our driver assessment.

We are looking for an engineer that is qualified to degree level or equivalent, who is chartered or working towards their professional accreditation. Experience of project management and a good knowledge of 2015 CDM Regulations is required. They also need to demonstrate an ability to use their initiative to resolve issues and drive a project to a conclusion.

Other benefits include company pension scheme, support for professional and academic development, on site gym, and payments through the company's Employee Owned Trust.

Applicants should send a CV with 2 referees outlining salary expectations and including a brief sentence on why customer service and Health & Safety is important in the water industry.

Apply to: Ian Limb, Head of HR, PO Box 8, Havant, Hants PO9 1LG
