

M&E Engineering Undergraduate Placement

SALARY UP TO £20.8K / BASED IN HAVANT

The Company are looking to appoint a Mechanical and Electrical Student on a placement of approximately 12 months to assist the Investment Department.

The Investment Department is responsible for installing, maintaining and operating the Company's above ground assets. The role will include working with both mechanical and electrical plant, telemetry systems, computer networks, low voltage equipment and PLC's. A pro-active approach to health and safety is essential as well as the ability to carry out their duties at all times in line with our values of Excellence, Integrity and Respect. As a full driving licence will be required for this role, the successful applicant will be required to undertake a Driver Assessment Test.

The position will suit those currently working towards a mechanical, electrical or electronics engineering degree and will give practical exposure to the demands of working within an engineering department. Previous undergraduates have successfully achieved EngTech after the 12 month placement due to the variety of work undertaken on the programme.

For an informal discussion, please contact Mike Maynard, Senior Project Manager on 023 9224 9260 or Hayley Wakeford, Graduate Mechanical Engineer (and previously a M&E Undergraduate Engineer in 2015/16) on 023 9224 9250.

Applicants should send a covering letter and CV with 2 referees.

Apply to: Ian Limb, Head of HR, PO Box 8, Havant, Hants PO9 1LG
