

## Environment & Biodiversity Specialist

**COMPETITIVE SALARY + BENEFITS / BASED IN HAVANT**

We take seriously our responsibility to protect and preserve our environment and are looking for someone to both manage and further develop our current biodiversity plan within the business.

The role will suit someone with a passion for biodiversity with an excellent track record in working with stakeholders at all levels both inside and outside of the business. Excellent communication and influencing skills will be a necessity whilst working at all times in line with our values of Excellence, Respect and Integrity.

It is expected the successful applicant will have a good environmental degree along with strong knowledge of environmental legislation and a good awareness of health & safety issues. Some experience in areas such as ecological surveys, EIA's, Catchment Management will be an advantage but most of all we require someone with a positive 'can do' attitude and a passion for all things biodiversity. A valid driving licence is essential for this post and the successful candidate will be required to undertake and pass our Driver Assessment.

Our vision says "delivering excellence for our customers, our people and our environment" and this role will play a major role in helping us keep to this promise.

For an informal discussion please speak to Tracey Viney on 023 9224 9223.

Applicants should provide a CV outlining your salary expectations with 2 referees along with a covering letter setting out why you think you would be ideal for this role.
