

Water Quality Trainee Technician

SALARY: £16 - 18K / BASED AT HAVANT

Working in a busy and modern UKAS accredited Water Quality Laboratory we are looking to recruit a Trainee Water Quality Technician to work in our team whilst undertaking a qualification in a relevant scientific subject. The laboratory ensures the highest standards of drinking water quality whilst working at all times in lines with our values of Excellence, Respect and Integrity alongside a pro-active approach and a good track record in H&S will be a pre-requisite for any applicant.

The role will involve a variety of duties including:

- Analysis of water samples for chemistry e.g. pH, Turbidity, Metals
- Analysis of water samples for microbiological methods e.g. Coliforms, E.Coli
- General laboratory work such as solution and bottle preparation
- Sample receipt, registration and scheduling
- Calibration and maintenance of equipment
- Handling of customer calls
- Sampling of water supplies

The candidate should ideally have 3 A-levels or equivalent, one of which must be in a Scientific discipline and have five GCSEs grades A*-C, including Maths and English and Science. Experience of working in a laboratory (school, college or work experience) would be an advantage. Once trained a full driving licence will be required.

An enthusiastic approach along with an eagerness to learn will be essential requirement for the successful applicant.

Applicants should send a CV outlining current salary with 2 referees.
