HAMPSHIRE/WEST SUSSEX

We are recruiting for Supply Operators to work in our Supply Operational Department. The department consists of a multi-disciplined team that are responsible for the day to day operation of Portsmouth Water's supply assets.

Essential duties and responsibilities may include, but are not limited to the following;

- Visiting water treatment works, pumping stations, reservoirs and monitoring sites.
- Data collection and taking water quality samples (rota including weekends and bank holidays).
- Working on treatment and disinfection plant including chlorine and sulphur dioxide gas.
- Periodic cleaning of reservoirs, grounds maintenance along with other general activities to maintain the appearance, cleanliness and operability of our sites.
- Monitoring of external activities in the areas surrounding our works for any activities that may affect the integrity of the water sources.
- Participate in an out of hours standby rota.

The successful candidate will be self-motivated, flexible and have good attention to detail, working as part of a team ensuring all work is carried out in line with the Company's Water Supply procedures and in full compliance with on-site Health and Safety. You will be willing to develop and learn within the role and have the flexibility and competence to operate and maintain multiple sites.

The role requires the following qualifications (full training provided where necessary);

- Working in High Risk Confined space (including the use of self-contained breathing apparatus).
- Full UK driving licence with categories B and BE. (Will be required to undertake our Driver Assessment. Training only provided for category BE)
- Competent operator qualification (Level 3 Diploma in Water Treatment).

The successful candidate will work at all times in line with our values of excellence, respect and integrity.

For an informal discussion please contact Mark Botterill on 07738 883796.

Applicants should send a CV outlining their salary expectations with two referees.
