

Leakage Technician / Trainee

TRAINEE ROLE £16,509 - £21,375

TECHNICIAN ROLE £21,375 - £24,477

BASED IN HAVANT

We are looking for either an experienced Leakage Technician or Trainee to join our leakage team to support our continued efforts to drive down leakage within our distribution network. Key activities of the role will include deploying and collecting acoustic loggers, data analysis, carrying out reactive and proactive leak detection and monitoring the leakage system and logger deployment/collection. Working as part of a busy team, you will be trained to use a variety of techniques and equipment to find leaks from our distribution network.

We're looking for a driven, hardworking and self-motivated individual who has the ability to learn new skills and to carry out their duties at all times in line with our values of Excellence, Integrity and Respect.

This is a customer-facing role, so you will need to demonstrate good customer service skills and strong IT skills, as you will be dealing with internal systems on a daily basis. A flexible approach to working hours is a must as this role may involve carrying out night and weekend work occasionally.

All applicants must have a valid Driving Licence and will be required to undertake our Driver Assessment.

Further details can be obtained by speaking to Jason Bowles on 023 9224 9216.

Applicants should send a CV outlining their salary expectations with two referees.
