

## Havant Thicket Reservoir Site Manager

**SALARY £30,306 TO £33,540**

### **BASED IN HAVANT**

In order to meet the demand for water supply over the next 25 years, Portsmouth Water has embarked on a multi-million project to build a reservoir at Havant Thicket near Staunton Country Park. This project will not only safeguard future supplies but will also provide a place of natural beauty for the community to enjoy, including a wetland habitats for wildlife and create educational resources for schools.

We are currently looking for enthusiastic Site Manager to support the delivery of the Havant Thicket Project. You will need to manage and oversee the daily activities ensuring the site is run in accordance with our H&S policies and acting as an ambassador for the Company to foster effective relationships with the community, local organisations and anyone attending the site such as visitors and contractors. The successful candidate will need to work at all times in line with our values of Excellence, Integrity and Respect.

#### **Main responsibilities are:**

- Take ownerships and responsibility for site maintenance.
- Take the lead in building positive relationships through effective communications, presentations and discussions. Be the first point of contact for any complaints and their resolution.
- Manage safe access to site with minimum disruption.
- Develop comprehensive knowledge of the project relating and using this to provide information to the project team.
- Support the project in order to mitigate potential issues and seek to deliver a new 25 year site management plan.
- Manage the existing tenancy agreement with Staunton Country Park.
- Provide information to stakeholders.

#### **To meet the high demands of this role, we are looking for a person who has:**

- Excellent and adaptable communications skills.
- Organisations and self-management skills.
- The ability to work with people from a range of backgrounds.
- Proven track record with working with local communities and organisations.
- Customer focussed.
- Flexible approach to any work situation.
- Project management skills.
- A good background in engineering or environmental experience would be an advantage.
- Hold a valid driver's licence. All applicants will be required to undertake our driver assessment.

For an information discussion on the role, please contact Simon Hughes on 07747 645620.

Applicants should send a CV with 2 referees outlining salary expectations.
