

Network Technician

SALARY £21,375 TO £24,477

BASED IN HAVANT

We currently have a vacancy in our Network department for a Network Technician. The role will predominantly involve the operation of our strategic trunk mains network but will also include general network valve operations, leakage detection and providing advice to our customers. A requirement of the post holder will be part of a standby rota to cover out of hours emergency operations during evenings/weekends.

The ideal candidate should be able to demonstrate and maintain a high level of accuracy whilst striking a good balance with productivity working at all times in line with the Company's approach to Health & Safety. As this is a customer facing role, the candidate will be expected to deliver a high standard of customer care at all times.

With a 'can do' attitude you will also be confident, assertive and self-motivated in dealing with all types of queries in a calm, timely and efficient manner. You'll be working within a great team, outdoors, in all environments, dealing with different challenges every day and providing a vital service to our customers. You should also be able to liaise with other departments and external parties to gather and resolve network and customer issues. The successful candidate will work at all times in line with our values of Excellence, Respect and Integrity.

All applicants must have a valid Driving Licence and will be required to undertake our Driver Assessment.

For an informal discussion regarding the detail of the role, please contact Chris Knight on 023 9224 9220.

Applicants should send a CV outlining their salary expectations with two referees.

Ian Limb, Head of HR, PO Box 8, Havant, Hants PO9 1LG
