

Trainee Network Technician

SALARY £16,509 TO £21,375

BASED AT HAVANT

Do you enjoy working outdoors and being part of a team in a varied and challenging role? If so, we have an opportunity in our Network Team for a Trainee Network Technician. Following a period of training relating to water distribution practice, the role will eventually lead the successful applicant to the position of Technician whose duties include the operation of the distribution network, dealing with customer enquiries, identifying maintenance requirements and dealing with water supply emergencies. The ideal candidate should be able to demonstrate and maintain a high level of accuracy whilst striking a good balance with productivity as well as maintaining compliance with Company Health & Safety policies. As this is a customer facing role, the candidate will be expected to deliver a high standard of customer care at all times.

With a 'can do' attitude you will also be confident, assertive and self-motivated in dealing with all types of queries in a calm, timely and efficient manner. You should also be able to liaise with other departments, managers and external parties to gather and resolve network and customer issues. The successful candidate will work at all times in line with our values of excellence, respect and integrity. A full driving licence is essential for this post and the successful candidate will be required to undertake our Driver Assessment.

For an informal discussion please contact Chris Knight, Network Supervisor on 023 9224 9220.

Applicants should send a CV with 2 referees.
