

Smart Networks Technician

Portsmouth Water is a community focused water company that has been supplying water to Portsmouth and the surrounding area since 1857. We provide high quality public water supplies to a domestic population exceeding 698,000, as well as many important industries, large defence establishments and varied commercial businesses. During the past year (2019-20), the Company has reduced leakage by 19%, putting us at the top end of the league table of UK water companies for its low leakage rate. We are looking to recruit a Smart Networks Technician to fulfil an important new position in the business, and offer a role that offers a great start into the water industry and good opportunities to progress.

We are looking for a driven, trustworthy, technically minded person who is keen to learn new skills. Working at all times in line with our values of excellence, integrity and respect, you will be working as part of the team on innovation projects to further reduce leakage on the water network and maintain supplies to our customers. Key activities of the role include the individual to use logical skills to install and maintain state-of-the-art equipment, and use problem solving skills to analyse complicated datasets.

The role is customer facing and involves use of technology, so good personal and technical skills are essential. Experience is not necessary as full training will be provided, but a positive attitude is a must.

Applicants must have a valid Driving Licence and will be required to undertake our Driving Assessment. Self-motivation is important as the individual will be expected to work primarily outside in most weather conditions using a Company van. In return we offer a 36.25 hour working week, 24 days annual leave (rising to 28 based on continual years' service) and a stakeholder pension scheme. Typically working from 8am to 4pm, Monday to Friday, although occasional night work will be required.

£21,867 to £25,041

Based in Havant

.....
Applicants should send a CV outlining current salary with 2 referees.

Apply to: Ian Limb, Head of HR, PO Box 8, Havant, Hants PO9 1LG
