Notes to be read with the Table

- Reference to any fitting includes reference to any plumbing, outlet, dedicated space or planning or other provision for that fitting.
- 'Bath' includes a whirlpool bath and a Jacuzzi.
- 'Domestic Appliance' means an appliance (including a dishwasher, a washing machine and waste disposal unit) in a house and 'communal or commercial appliance' means an appliance (including a dishwasher, a washing machine and waste disposal unit) elsewhere than in a house (including in communal facilities).
- In any calculation under note 1 above, a minimum of six loading units shall be included in respect of each house. For domestic appliances (whether or not the house has any such appliances) except, in the case of any house where neither a washing machine nor a dishwasher can be provided (and there is no plumbing, outlet, dedicated space or planning or other provision for either appliance).
- 1 DRM unit equates to a single infrastructure charge applicable for that financial year.

Please note: If no plot number provided, the building water supply shall be removed on completion of building works.

SECTION 8 TERMS THAT SHALL FORM OUR CONDITIONS OF CONSENT FOR YOUR APPLICATION

I/We apply for the provision of water service pipes to serve the premises/site scheduled as above.

I/We understand, agree and confirm that:

- a) All plumbing work and installations will comply with the Water Supply (Water Fittings) Regulations 1999, the provisions of the Water Industry Act 1991, and any other enactment or regulations, terms and conditions made pursuant of them including the Company's term and conditions for domestic and non-domestic at the time of being in force when such a supply has been agreed.
- b) Payment for the service will be required in advance, the private supply pipe must be laid and approval given by Portsmouth Water Ltd, before the water can be turned on. If your application is for a lead replacement, the application fee will be refunded in full once the initial site survey confirms the existing supply is lead.
- c) Portsmouth Water Ltd must be informed of any proposed modifications to the plumbing installations after the supply has been connected.
- d) Payment for building water will be in accordance with the Company's Scheme of Charges in force at the time.
- e) I/We undertake to notify the Company on completion of the building the name of the Occupant, Date of occupation and postal address of each property concerned and understand that I/We will be responsible for all water charges due until these conditions are met.
- f) That for the purposes of the Water Industry Act 1991 (being 'the Act') and the Data Protection Act 1998, the information provided in this form and any supporting documents, may be held on a computer and processed by Portsmouth Water Ltd for all purposes connected with the Company's statutory water undertakings.
- g) That the water supplied by the Company will only be used for the purpose applied for and agreed by the Company.
- h) Commercial premises supplied by meter shall provide adequate storage for 24 hours consumption.
- i) That in the event that I/We choose to excavate and backfill any trenches for the installation of any pipe, I/We will indemnify the Company against all claims and charges whatsoever arising from this work.
- j) For a building water supply an approved standpipe must be erected.
- k) Only one connection per site will be allowed for building purposes. The building connection if allocated to a specific plot can not be transferred to another plot without further application being made.
- l) More than one water service laid in the same trench must be clearly labelled as to which property it serves. Failure to do so may result in a delay in the service being laid, for which Portsmouth Water accept no responsibility.
- m) The Company will not accept responsibility for delay where the private supply pipe crosses private land. The applicant is responsible for obtaining the necessary rights to lay the supply pipe.
- n) If the new connection being applied for is for a non-household supply, we may provide the details of the applicant to the water retailer appointed when adding the supply to the Central Market System.
