

Laboratory Supervisor - Microbiology

We are looking for a Laboratory Supervisor to work in the Water Quality Department to manage the microbiology section of our UKAS accredited ISO 17025 laboratory.

The Laboratory Supervisor (Microbiology) will have responsibility for the day to day running of the section which undertakes the analysis of water samples for Coliform & E.Coli, TVC 37°C & 22°C, Clostridia and Enterococci, as well as the Taste and Odour method. Tasks will include analysis of samples, approval of results, routine AQC monitoring, training of staff, method validation, investigations into AQC & PT scheme failures and clearance of audit findings.

A pro-active approach and a good track record in H&S whilst working at all times in line with our values of Excellence, Respect and Integrity will be a pre-requisite for any applicant.

The post will report into the Laboratory Manager.

As well as having experience of the above areas, the ideal candidate will be able to fulfil the below role requirements, or give a commitment to obtain the required qualifications/memberships.

Essential role requirements (full training where necessary)

- Member of a relevant professional recognised body
- Hold a CPD to satisfy DWI Competent person requirements
- Recognised supervisory qualification or give a commitment to attain such a qualification
- IOSH Managing Safely

Desirable

- Full UK driving licence, for which you will need to undertake our driver assessment

This is an excellent opportunity for someone to gain experience and add value to the Water Quality department.

Further details can be obtained by speaking to Emma Camm, Water Quality Manager, on 023 9224 9310.

Salary £29,340 - £32,496 (Grade 5)

.....
If applying externally please include your CV and salary expectations.
