

Production Technical Mechanical and Electrical Technician

Would you like the opportunity to develop your mechanical and technical experience within Portsmouth Water?

Portsmouth Water provides high quality public water supplies to a domestic population exceeding 698,000, as well as many important industries, large defense establishments and varied commercial businesses. We have a long tradition of providing safe drinking water of the highest quality from our springs, wells, boreholes, and surface water sources.

There is now an opportunity to join our Production team as a Mechanical & Electrical (M&E) Technician in South East Hampshire and South West Sussex.

What will you be doing?

The M&E Technician role ensures the water treatment works are maintained which enables the effective production of safe drinking water.

The M&E Technician will have particular focus on inspecting, testing, maintaining, fault finding and repairing M&E equipment such as low voltage switchgear, motor drives, valves, gas dosing equipment, pneumatic plant, pumps and motors.

What do you need?

- A qualification in mechanical or electrical engineering
- A recognised apprenticeship in a relevant field
- Capable and comfortable working in confined space with the use of breathing apparatus (full training provided)
- A full UK Driving licence. You will be required to undertake a driving assessment.
- Self motivated with an aptitude to learn
- Comfortable working alone and as part of a team
- Ability to work under pressure and to set deadlines
- Water industry experience is beneficial
- A pro-active approach to Health and Safety and work at all times in line with our values of excellence, respect and integrity

What can Portsmouth Water offer you?

In return for your hard work as an M&E Technician, a competitive salary is offered with a commitment to participate in a standby rota once trained. Additional company benefits include call out payments, overtime, generous holiday and pension entitlement plus life assurance cover.

If you have the skills and experience to excel as our Mechanical & Electrical Technician, apply today at jobs@portsmouthwater.co.uk.

For an informal discussion please call Liam Geoghegan on 07764 969988.
