

# WATER QUALITY SAMPLER

We are recruiting for a Water Quality Sampler. The role will be for the hours 8am to 2pm, 5 days a week.

## The role will involve a variety of duties including:

- Taking water quality samples from across our supply area, at customer properties, water treatment works, pumping stations, reservoirs, streams and rivers.
- Performing sampling duties as instructed to meet regulatory requirements and in-line with our UKAS accreditation.
- To maintain housekeeping standards and periodic cleaning at all sample locations (internal and external), the sampling room and vans.
- Ensure stocks of bottles and required reagents are adequately stocked.
- Checking laboratory systems to ensure compliance during the sampling run.
- Reporting any work area issues directly to the Sampling Manager.
- Support with customer contacts and complaints where required.
- Contracted weekend work/rota (for additional payment).

The successful applicant will be self-motivated, computer and smart phone literate, flexible and have good attention to detail, working as part of a team ensuring all work is carried out in line with the Company's procedures and in full compliance with on-site Health and Safety. You will be willing to develop and learn within the role working at all times in line with our values of excellence, integrity and respect.

An enthusiastic, professional approach along with a good customer rapport and a clean driving licence are essential requirements for the successful applicant.

## The role requires the following qualifications:

Full UK driving licence. You will be required to undertake our Driver Assessment. A company van and clothing will be provided as well as full training.

You will be required to undergo training (that will be provided) and pass a National Water Hygiene course and UKAS accreditation for water sampling.

For an informal discussion please contact Sam Faulkner on 023 9249 9888.
