

PROCESS TECHNICIAN (PRODUCTION DEPARTMENT) (2-year fixed term contract)

EXCELLENCE | INTEGRITY | FUTURE FOCUS

At Portsmouth Water we have been supplying water to Portsmouth and the surrounding area since 1857. For 365 days of the year our water treatment works are in constant operation ensuring that we meet the water demands of our customers. Our production team operate and maintain our treatment works and due to a department restructure we have several exciting vacancies that we are looking to fill. The successful applicant will be self-motivated, smart phone literate, flexible and have good attention to detail, working as part of a team ensuring all work is carried out in line with the Company's procedures and in full compliance with onsite Health and Safety. You will be willing to develop and learn within the role working at all times in line with our values of Excellence, Integrity and Future Focus. If you are looking for a new role which is fast paced, challenging and rewarding we want to hear from you!

We are currently seeking a process technician to join our production optimisation and support team. You will work at our water treatment works, reservoirs and booster stations across Hampshire and West Sussex supporting the production team with small projects which will involve optimising and improving site performance, developing, and implementing site related procedures, improving, and updating site drawings among numerous other tasks.

Your responsibilities will include but are not limited to:

- Working with the production team to bring sites online and ensure they meet all water quality regulations and are safe places to work.
- Along with the team leader you will lead on the reservoir inspection and cleaning programme.
- Reviewing and updating site related procedures.
- Reviewing and updating site schematics.

This role requires the following qualifications and skills: (Full training provided where necessary)

- Working in High Risk Confined space (including the use of self-contained breathing apparatus)
- Full UK Driving licence (essential) and undertaking of driving assessment.
- Level 2 in water operations or a similar qualification in water treatment.
- Experience in working with HMI systems.
- Good business/stakeholder awareness, together with an innovative and creative approach to problem-solving and strong team working and influencing skills.
- Excellent communication skills.

Role includes:

- Includes a company vehicle and fuel card.
- Enhanced pension.
- Training and development.

For an informal discussion please contact Darren Rees on 07545 925501.

Excellence in water. Always.

Committed to a sustainable future together

Salary: CIRCA £27,504 + benefits

Multiple locations across Hampshire and West Sussex

If applying externally please include your CV and salary expectations.
