

NETWORK FLUSHING TEAM LEADER

We're making a difference: Together, we can ensure that there is enough water for everyone, now and in the future.

We have an opportunity in our Network Department for a Network Flushing Team Leader. The person in this post will be responsible for preparing and managing the flushing programme and the effective flushing of the distribution network, ensuring the effective development and deployment and day to day supervision of team, ensuring that team activities are consistent with and compliment PW operating procedures.

With a 'can do' attitude you will also be confident, assertive and self-motivated in dealing with all types of queries in a calm, timely and efficient manner. You'll be working within a great team, outdoors, in all environments, dealing with different challenges every day and providing a vital service to our customers. You should also be able to liaise with other departments and external parties to gather and resolve network and customer issues. The successful candidate will work at all times in line with our values of Excellence, Respect and Future Focus.

Key Responsibilities

- Ensure that all network activities and operations are undertaken in an appropriate and timely manner with due consideration, communication, and safe execution. That all operations are completed in line with the relevant PW policies/procedures/RAMS
- To review and report on all team key activities and recommend any process improvements to maintain/enhance PW performance.
