

HEALTH, SAFETY AND WELLBEING MANAGER

We're making a difference: Together, we can ensure that there is enough water for everyone, now and in the future.

We are seeking to appoint a Health, Safety and Wellbeing Manager who will lead the Health, Safety and Wellbeing strategy. This role will develop and maintain the core Occupational Health and Safety Management System (OHSMS) for Portsmouth Water.

Whilst reporting to the CEO and CPO, you will be working closely with the Executive and People Team, along with other departments to ensure the promotion of a 'safety always' culture – with a focus on providing a safe working environment, enabled by information, instruction, training and management of risk.

Key Responsibilities:

- Develop and implement a strategic health, safety, and wellbeing plan aligned with the company goals.
- Responsible for the maintaining and developing our Occupational Health and Safety Management System (OHSMS) built on the principles of HSG65: Managing Health and Safety. Responsible for developing, implementing, and monitoring performance of the Health, Safety and Wellbeing strategy, policies and controls and develop and promote initiatives that enhance the overall wellbeing of employees.
- Work with the People team to identify training needs, reviewing quality of training and follow up with the management team and support the implementation of wellness programs, ergonomic solutions, and other initiatives to improve employee health.
- Work with all the executive team and managers to identify Occupational Health Screening requirements. Ensure suitable external specialist facilities are appointed to provide a proactive and reactive service to our people.
- Carry out regular site visits and inspections, working with operatives at all levels to ensure that the business remains compliant with regulations, but more importantly promotes a 'safety always' culture – with a focus on providing a safe working environment, enabled by information, instruction, training and management of risk.
- Work in collaboration with Havant Thicket Reservoir HSWE Manager to review and align common working practices, develop best practice as part of a supportive and progressive safety team.
