

Senior Project Manager - HAVANT THICKET RESERVOIR

We're making a difference: Together, we can ensure that there is enough water for everyone, now and in the future.

Portsmouth Water is on the lookout for two dynamic Senior Project Managers to guide the Havant Thicket Reservoir project. These key roles will drive the successful delivery of the reservoir contract and associated works, overseeing everything from design and construction to commissioning. You will collaborate with expert advisers to ensure strict adherence to planning, licences, and regulations while managing vital stakeholder relationships. As a role model for health, safety, well-being, and environmental performance, you will also monitor contractor progress, deliver reports, and lead meetings with designers, stakeholders, and contractors. Join us in shaping the future of Portsmouth Water with a focus on high performance and values-based success!

What will you be doing?

Key Responsibilities

- Represent Portsmouth Water and Non-Statutory Sub-Group meetings.
- Regular meetings with Stakeholders, to monitor schedule of works and coordinate activity.
- Production of monthly progress reports and governance approval papers.
- Oversee all direct reports allocated to the project packages and their future successful progression.
- Lead procurement, monitoring, and performance of the contract/subcontract packages.
- Liaise with external stakeholders to secure agreement or acceptance of the project delivery plans.
- Liaise with Portsmouth Water internal stakeholders to ensure that the project is ready for a seamless handover into operation on completion through asset integration.
- Ensure project development is in accordance with the standards of, specifications, requirements and policies established by Portsmouth Water and Havant Thicket Project.
